SPRING 2021 WELCOME
This marks the start of your Illinois experience!

MEETING WITH YOUR ACADEMIC UNIT
Representatives from your academic unit will discuss the college and its majors, as well as expectations, requirements, elective courses, and double-major and minor options. If you’re concerned about the major or academic unit to which you’ve been admitted, you’ll also learn how to address these concerns with your advisor.

MEETING WITH YOUR ACADEMIC ADVISOR
You’ll take part in individual or group advising. You’ll discuss the courses you need to take your first year and choose your classes based on your placement exam scores, your high school credentials, and a conversation with your advisor about your interests and goals on campus.

Be sure to review credit you’ve earned on AP or IB tests or through dual enrollment coursework, and ask questions about courses and curriculum during your meeting. You’ll register for your classes after your meeting.

DON’T FORGET!
If you haven’t already done so, make sure to submit all required documentation to Illinois. Freshmen must submit official test scores and final transcripts to the Office of Undergraduate Admissions by December 1. Transfers must submit final transcripts to the Office of Undergraduate Admissions as soon as final grades are available.

To receive Illinois credit, official AP scores should be sent through the testing agency to the Office of Undergraduate Admissions. Official IB scores should be sent through the testing agency to the Office of Measurement and Evaluation.

SEXUAL ASSAULT PREVENTION FOR UNDERGRADUATES ANNUAL TRAINING
wecare.illinois.edu/prevention/students/annual-training/
titleixcoordinator@illinois.edu

What is Sexual Assault Prevention for Undergraduates?
Sexual Assault Prevention for Undergraduates is an online education training program, offered through EverFi, which utilizes evidence-based content for sexual assault prevention training.

What will Sexual Assault Prevention be about?
Sexual Assault Prevention for Undergraduates addresses the important topics of relationship violence, sexual assault, stalking, and sexual harassment. The training covers key content areas, including healthy relationships, gender roles and stereotypes, the importance of consent, bystander intervention, and understanding and responding to sexual misconduct, in addition to laws and our campus policies.

Why is Sexual Assault Prevention required?
The University of Illinois at Urbana-Champaign is committed to the safety of our students and improving prevention and response to sexual misconduct. Sexual Assault Prevention for Undergraduates and Graduates are among the ways we are getting more information out to all students about the policy, resources, and support services we have available in case you or someone you know needs them. This training also contains information about prevention skills and strategies and offers information to better equip you to support others. Completion of the Sexual Assault Prevention for Undergraduates or Sexual Assault Prevention for Graduate and Professional Students also satisfies the educational requirements of the Illinois Preventing Sexual Violence in Higher Education Act (110 ILCS 155) and federal law.

How do I complete the Sexual Assault Prevention for Undergraduates?
After the last day to drop a course for the semester has passed, you will receive an automated message (with the subject line: “The University of Illinois System has assigned you training.”) Once you receive this communication (typically these notifications are sent mid-September and mid-January each semester), you will then be able to access the coursework. Bi-weekly reminders will continue to be sent until your coursework is fully complete. Please make sure you have activated your NetID and set up 2-Factor Authentication to be sure you will be able to access the course once it becomes available.

WHAT SHOULD I BE AWARE OF TO MAKE SURE I ATTEND ALL OF THE NEW STUDENT EVENTS?

FIRST-YEAR CAMPUS ACQUAINTANCE RAPE EDUCATION (FYCARE)
fycare.illinois.edu

What is FYCARE?
The First Year Campus Acquaintance Rape Education (FYCARE) workshop is an interactive discussion on sexual misconduct that strives to build awareness and our capacity to create healthier relationships. Workshops are led by trained peer facilitators through an engaging discussion in a relaxed atmosphere. Peer facilitators draw upon their own experiences as students at Illinois to keep the workshop informative and relatable.

What will FYCARE be about?
FYCARE discusses the dynamics of sexual violence and relationship violence, consent, bystander intervention, ways to support survivors, and campus and community resources.

Why is FYCARE required?
To create and maintain a safe campus community, the University of Illinois has mandated that all students attend a FYCARE (offered by the Women’s Resource Center) workshop during their first semester on campus. Evaluations show that the vast majority of past attendees found the workshop beneficial to their overall transition to the campus.

How do I sign up for FYCARE?
You will receive an email from the FYCARE program regarding attendance. The email will include a link to register or reschedule if needed. In case of a conflict, you should reschedule promptly as there are no make-up dates later in the semester.
MAKE HEALTHY DECISIONS
Being engaged at Illinois will require a balance of your co-curricular experiences. You may find barriers to finding that balance, but finding support is easy. You can find support from your academic advisor or coach, a dean on duty at the Student Assistance Center, or specialist at Disability Resources and Educational Services (DRES). As a member of the community, we ask that each of you take responsibility for not only your actions and behavior, but also be on the lookout for those who may cause harm. There are many tools to help you engage and intervene if you notice something that doesn’t seem right or someone who may need help.

• Emergency Dean
• Bystander Intervention (University Housing, Women’s Resources Center)
• Office for Student Conflict Resolution – Mediation Services

MAKE HEALTHY DECISIONS
Engaging in campus life helps shape the Illini community. These out-of-classroom opportunities aid in student success and provide support to define the Illinois Experience. To be successful at Illinois, students can find options that create a pathway for the integration of academic life and personal wellness. With many options to assist you in being successful at Illinois, there are three themes to consider — make healthy decisions, be an active member of the community, and engage in campus life.

BECOME AN ACTIVE MEMBER OF THE COMMUNITY
Finding your path at Illinois can lead to you becoming involved in active citizenship and community voluntarism. Democracy relies on each of you to participate in helping to shape our Illini community and your communities at home. Voting is one way that you can participate in civic engagement and is a part of our collective responsibility as citizens of the United States of America. As you get to know more about Illinois, we encourage you to register, research, and vote this year. Visit ssa.illinois.edu/civic-engagement/ for more information.

Each of our new students has the power to shape the future. Other ways to become active within the Illinois community include finding ways to give your time and expertise to make a meaningful impact on campus, in the Champaign-Urbana community, or abroad. There are many opportunities to serve.

ENGAGE IN CAMPUS LIFE
ILLINI
The phrase heard around campus, at athletic games, the opening of the semester and at Commencement. The ILLINI signals a call to Illini on- and off-campus — current students, alumni, faculty, and staff — that Illinois is a special place filled with traditions. We encourage you to experience the many traditions that make Illinois unique.

Being engaged on campus means that you can take advantage of a number of co-curricular experiences that are unique to Illinois. These experiences allow you to connect with old and new friends, build community and find your path that is distinctly Illinois.

Engagement opportunities on campus can help you find your niche among the larger Illini family. You can explore student clubs and organizations that address social and cultural issues or have an academic focus.

Clubs & Organizations
(217) 300-6704
Getting engaged on campus can be exciting and lead to life-long friendships. At Illinois, there is more than one way to get involved; in fact, there are over 800! Illinois is home to many student clubs and organizations. Being engaged in these organizations connects your experiences that will help you navigate the Illinois community. Engagement gives you the background that supports your career readiness, skills that will help you with academic life and mean to social integration that will help you find a connection among the class of new students.

Fraternities & Sororities
(217) 333-7062
Almost 150 years ago, fraternities and sororities were founded at Illinois. These groups started as literary societies and have continued today to provide support, housing, career development, mentorship and coaching to over 7,000 students who claim membership in one of the (90) chapters on campus. Over the long history of fraternal life at Illinois, one central element is key; friendship. Students have sought membership in our fraternity and sorority community not only for the many co-curricular experiences or opportunities for career planning, but for the life-long friendships that are formed through membership. The Illinois fraternity and sorority community is a diverse community of students and alumni that are trailblazers and entrepreneurs across multiple disciplines. Over the long history at Illinois, fraternities and sororities have provided innovations in the living-learning community, advances in leadership training, and facilitation of community programs that address social justice, philanthropy and campus climate.

• A national founder of Gamma Phi Beta Sorority (Frances Elizabeth Haven Moss) helped to establish our local chapter and is buried locally at Mount Hope Cemetery.
• Black Greek-Lettered organizations have existed at the University of Illinois since 1913 with the founding of the Beta chapter of Kappa Alpha Psi.
• Alpha Psi Lambda is a Latina fraternity that is our only co-ed organization. They were also our first culturally based fraternity on campus in 1958.
• United Greek Council is our fastest growing council representing 24 organizations and around 580 members.
• The first Black Greek-Lettered sorority founded at a historically white institution was Alpha Kappa Alpha in 1914. Bousfield Hall is named after a member.

The Order of Omega Alumni Hall of Fame past recipients include:
• BF Executive Bob Dudley, ’78 Phi Kappa Psi Fraternity
• Tuskegee Airman Col. Charles McGee, ’42 Alpha Phi Alpha Fraternity, Inc.
• Illinois Chief Justice Rita B. Garman, ’65 Delta Delta Delta Fraternity

CIVIC ENGAGEMENT

Register. Research. Vote!

At Illinois, we are committed to working to reduce apathy, increase engagement, and graduate civic-minded students who are prepared to solve the country’s, and the world’s, most pressing challenges. With this in mind, we offer students many opportunities to become engaged citizens through our student voter initiatives.

Our goal is to normalize voting behavior through initial opportunities that allow all students to register, to learn about issues and candidates, and to vote. Students can register to vote, if you are a U.S. citizen, at illinois.turbovote.org.

At the 2019 ALL IN Challenge Awards Ceremony held to recognize colleges and universities committed to increasing college student voting rates, University of Illinois received a gold seal for achieving a student rate between 40% and 49%.

Housing Assignments
Students who contract with University Housing by January 8, 2021 will choose their own assignment during the online contract process. Students who contract after January 8, 2021 or do not assign themselves to a room, will be assigned by the Housing Information Office and subsequently notified. The assignment communication will include more Housing information and great tips on preparing to move into your new home. Log on to MyHousing at housing.illinois.edu/myhousing to view your room and roommate information.

Move-In
Move-in for spring semester begins on January 17, 2021. More information on Spring 2021 move-in can be found on our website. Keep information about Housing Move-in at your fingertips using the Illinois App — available for download at housing.illinois.edu/illinoisapp. Remember, less is more. Also, download the Illinois App to have menus, meal plan balances, and nutrition information available on your mobile device. Get the app at housing.illinois.edu/illinoisapp.

Return for Another Year
Research has shown that students who live in University Housing for more than one year are more likely to graduate and graduate in four years than students who move out after their first year on campus. University Housing has a variety of additional room types, incentives, and additional amenities to encourage students to stay for a second year in these approved facilities.

PRIVATE CERTIFIED HOUSING

Because these facilities are certified by the University and privately owned, each has its own application, contract, and policies regarding move-in, early arrival, internet access, and meal plans. Please contact your private certified housing unit for this information. Your hall assignment is confirmed immediately when you sign a contract with a specific facility. Most private certified housing units will also send room and roommate assignment communications and will vary by facility. Similar to University Housing, Private Certified Housing units have scholarships, returning resident incentives, and additional amenities to encourage students to stay for a second year in these approved facilities.

Reminder: ILI requires all first year students to live in University or Certified Housing. Exemptions are permitted per the Student Code.

STUDENT ASSISTANCE CENTER
wecare.illinois.edu

The Student Assistance Center is a collaborative resource that promotes the holistic growth and development of Illinois students. To that end, we partner with students, faculty, staff, and family members to address disruptions to students’ academic and social stability or behaviors that cause distress in our community. We strive to foster a community of care in which all members have a personal responsibility to themselves and others.

Our staff is ready to provide support or assistance! We strongly encourage students to call and make an appointment. Appointments are available Monday-Friday from 9:00 am-3:00 pm and are typically 30 minutes. If you have previously met with one of our Deans, please feel free to reach out directly to that person to schedule. Although appointments are recommended, the Student Assistance Center offers drop-in hours from 10:00 am-3:00 pm, Monday-Friday. During this time, you can meet with a Dean to begin a conversation about a presenting issue/concern. Drop-in appointments are usually relatively short and are intended for addressing specific questions. Following this initial meeting, the Dean may suggest a follow-up appointment for further discussion and assistance. You may also email us at helpdean@illinois.edu.

An emergency dean is available outside of normal business hours to respond to student crises or pressing student concerns that cannot wait until the next business day. Please call (217) 333-0050 to contact the Emergency Dean.
